

Student Chapter Meeting

Monday, November 5, 2007, 3:30p.m

306 Snow Hall

3:30p.m- "When Mathematics meets with Finance"

Guanqun Tao (Queena), NovaStar Financial

4:00p.m- "Stability of waves and my career"

Dr. Myunghyun Oh, KU

Myunghyun Oh is an assistant professor of Mathematics at University of Kansas. Her research centers around the stability of waves which arise in many physical phenomena. She was a Zassenhaus Assistant Professor at Ohio state University and joined the department at KU in 2005. Dr. Myunghyun Oh is the Assistant to the Faculty Advisor of the AWM Student Chapter.

Guanqun (Queena) Tao is currently working as a Financial Analyst in the portfolio management group in NovaStar Financial. She is responsible for analyzing Mortgage Backed Securities in the U.S. market. She came to Lawrence, KS and got both Master of Arts in Mathematics and Master of Science in Business Degrees from the University of Kansas. Guanqun Tao is a former President of the AWM Student Chapter.

**Pizza will be served.
Everyone is invited to attend.**
